Station Udipi, *Dated the* 16th June, 1938.

From (Name) Sri. M. Narayana Shenoy, B.A., B.L.,

(Designation) Commissioner, Udipi Municipality.

To The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.
through the Director of Public Health, Madras. Department.
(~~Through~~) and myself The Chairman, Municipal Council, Udipi.

Sir,

I am to enclose a copy of Council Resolution No.12 dated 14-6-38 and to state that there has been increase in the conservancy work owing to the increase of latrines. The number of latrines now conserved are 1,175 against--- 725 in the previous year. The present staff is unable to cope with the increased work. Hence, the entertainment of the additional staff is absolutely necessary to maintain efficiency. Provision has been made in the current years' budget to meet the additional cost. I request, therefore that the Government may be pleased to sanction the entertainment with effect from 1-8-38 of four sweepers and nine scavengers each on Rs.8/- per month in addition to the---- strength fixed in G.O.No.Ms.3177 P.H. dated 23-11-37.

Enclosure II.

From The Commissioner, Udipi Municipality, Udipi.
To The District Health Officer, South Kanara, Mangalore.
C.No.2685-2D/38 dated 16-5-38.

The Municipal Sanitary Inspector reports for the entertainment of additional sweepers and scavengers.

As there is increase in the scavenging work, the additional staff will be absolutely necessary. There is provision in the budget for 1938-1939 for the appointment of additional staff. I propose moving the council for the sanction of 4 sweepers and 9 scavengers on Rs.8/- per mensem in addition to the existing staff of 32 in all. I request the favour of your early remarks in the matter.

A copy of the Sanitary Inspector's report is enclosed.

Sd. M. Narayana Shenoy,
Commissioner.

Enclosure III.
****

From The District Health Officer, South Kanara, Mangalore.
To The Commissioner, Udipi Municipality, Udipi.
Dis.No.107/38 dated 20-8-38.

I entirely agree with you as regards the need for an increase in the conservancy staff in your Municipality. It is now estimated that there are about 1,000 private latrines. These alone require at least 25 scavengers at the rate of about 40 per scavenger. Two will be required for the trenching ground. Even assuming that the Scavengers employed in private scavenging will look after the public latrines a total staff of 27 scavengers is required for nightsoil conservancy, And if the policy of issuing further notices to house owners to have latrines constructed is continued with firmness and expedition a still further increase in staff may be called for at no distant date. I also support the proposal to increase the number of sweepers by four. Although the population is small, the Municipality is fairly extensive in area. It is besides a place of perennial pilgrimage. Hence the above proposals have my very strong support.
